Mr. Andrzej Bartosiewicz

I wish to thank you personally for your great commitment and successful actions that brought about the handing over of the internet domain *auschwitz.org* to the Museum. It will allow us the transfer of the current website of the Auschwitz Museum and Memorial to the new address.

These actions are done in accordance with the policy of the Polish Ministry of Culture and National Heritage. Its aim is to support the efforts of Polish Government directed against the erroneous associating of concentration and extermination camps with Polish post-war locations of those places.

Your negotiation skills were a decisive element which got the desired result, even in a situation when the chances for success were to be estimated with great reserve. That is why I would like to express my deep gratitude and once again thank you for your commitment to this cause, which lead to this highly satisfactory result.

Yours

Dr. Piotr M.A. Cywiński
Dyrektor
