

# CEO of Yonita, Inc. speaks at the Second Ukrainian Internet Governance Forum (IGF)

**MOUNTAIN VIEW, Calif. (September 1, 2011)** – Yonita Inc. announced today that Dr. Andrzej Bartosiewicz, CEO and President, speaks to delegates of the **Second Ukrainian Internet Governance Forum** about new Top Level Domains and their impact on country code domain administration.

**Second Ukrainian Internet Governance Forum** will take place in Kiev 2-3 September 2011. The purpose of this event is to discuss most critical issues of the information society development in Ukraine. IGF-UA is urged to consolidate efforts of governmental bodies and business community, Internet society, professional and academic elite toward speeding-up of the IT progress implementation in everyday life, to create conditions for the full-scale development of Ukrainian network in the public interests.

IGF is co-organized by **Ukrainian Government, Parliament, Law Enforcement Agencies, Universities and NGOs** including Ukrainian Internet Association; Ukrainian Union of Industrialists and Entrepreneur; Ministry for Foreign Affairs of Ukraine; Security Service of Ukraine; State Service for Special Communication and Information Protection of Ukraine Administration; State Agency for Science of Ukraine; National Commission of Ukraine for Communications Regulation; European Media Platform; Independent Association of TV and Radio Broadcasters; Kiev International University; Kyiv College of Communication.
